Logo Design - Brand Identity - // 2025

VELOLOG

VELOLOG is a modern logistics brand built to move with purpose—connecting businesses and customers through fast, reliable, and intelligent delivery solutions. The brand stands for speed, precision, and trust, where every shipment represents more than just movement—it's a promise delivered.

Our objective was to craft a sharp, bold, and dynamic visual identity that reflects VELOLOG's core message: "Across miles, beyond limits." The result is a modern, functional brand system that communicates momentum, efficiency, and connection—across its logo, packaging, and digital presence.

The visual identity uses a geometric wordmark, a smart and clean color palette, and directional design elements that evoke motion and connectivity. Every detail—from the custom typography to the layout system—was designed to express movement with purpose, embodying VELOLOG's role in powering forward modern logistics.

Concept

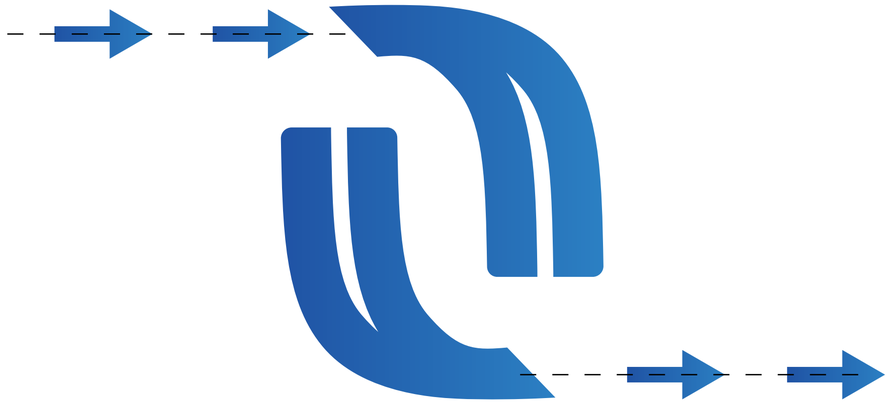

Custom "V" Icon: The stylized "V" gives a strong brand identity and could work well as a standalone symbol on packaging, apps, or uniforms.

Typography: The clean, rounded sans-serif font feels modern and tech-forward, suitable for a logistics company.

Balance: The text is well-aligned and evenly spaced, giving a strong, professional presence.

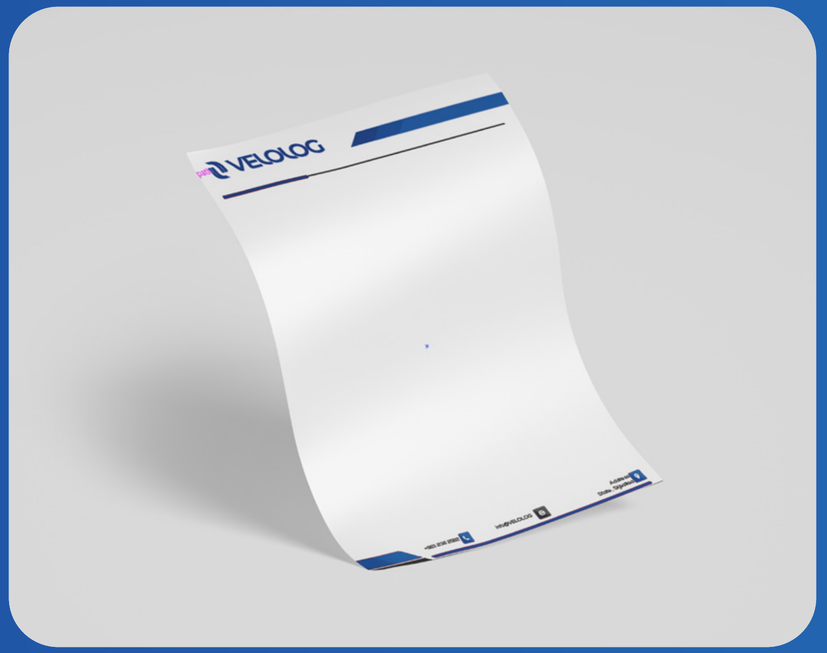

Concept

The two inner lines in the logo visually represent the core logistics flow — one line symbolizes pickup, and the other represents delivery. Their curved, synchronized path within the protective outer shape reflects how VELOGLOG handles both ends of the journey with care and precision. Just like two hands working in harmony, the lines show a continuous, reliable connection between the sender and the receiver. This elegant representation reinforces the brand's promise of safe, efficient, end-to-end service — from pickup to final delivery.

Concept

The letter "L" in the VELOGLOG logo has been cleverly stylized to resemble an arrow pointing forward, subtly reinforcing the brand’s core values of movement, speed, and direction. This design choice not only adds a sense of dynamism and purpose to the logo, but also symbolically represents the idea of progress and efficient delivery—key elements in any logistics business. The arrow-like cut at the base of the "L" makes it feel as though the letter itself is in motion, pushing ahead, which aligns perfectly with the brand's identity. This small but powerful tweak adds both function and flair to the typography.

When You Look Closer, The Curves Also Resemble Two Protective Hands Forming A Box, Symbolizing Care, Safety, And Secure Delivery. This Dual Meaning Reinforc-es The Brand's Commitment To Handling Logistics With Trust And Protection

VELOLOG

This logo is a powerful visual concept that cleverly combines multiple ideas into a single, minimal mark. At first glance, it forms a bold "V" shape, aligning with the brand name "VELOGLOG." But when you look closer, the curves also resemble two protective hands forming a box, symbolizing care, safety, and secure delivery. This dual meaning reinforces the brand's commitment to handling logistics with trust and protection, while also implying structure, reliability, and forward movement. The sharp tips at the top and bottom subtly enhance the feeling of precision and direction, making the logo both meaningful and memorable.

Font

Neuron Angled

For the VELOLOG logo, we’ve selected Neuron Angled as the primary typeface. Its sharp geometry and clean, modern curves convey speed, clarity, and confidence—perfectly aligning with VELOLOG’s identity as a forward-thinking logistics brand. The angled terminals and strong letterforms bring a sense of momentum and movement, echoing the brand’s promise of fast and reliable delivery.

Neuron Angled provides a solid foundation for VELOLOG’s visual system—ensuring high legibility and a bold presence across applications, from packaging and signage to digital and print. This font choice reflects VELOLOG’s commitment to precision, progress, and seamless connectivity.
